WAVE

WAVE – A WORLD OF TRUST

An organization built on trust

Commitment in business lays down the very groundwork on which relationships and reputations are founded. Wave, formerly The Chadha Group, has made its mark today in diverse businesses by finding its core strength in innovation and commitment.

The group has risen to every expectation of its customers, business partners and investors in its 40 years of existence. Today, the group has diversified its businesses under the flagship of Wave. Wave Infratech leads the real estate sector with a number of new residential and commercial projects along with world-class shopping centres and multiplexes. Its industries division, Wave Industries, is an established name with diverse businesses such as power plants, sugar mills, paper manufacturing and distilleries. This remarkable feat has helped in solidifying a trust that, in today's world, is the most valuable attribute and a distinction that is truly rare.

Foundation of trust

Wave Infratech inherits equity from the mother brand Wave, to promote an array of verticals like Residential, Commercial and Retail. Wave Infratech, the real estate arm of Wave, is one of the leading players in its sector and has embarked on a journey to become one of the largest real estate developers in the country.

With ground breaking commercial projects like Wave City Center, Wave One, Wave 1st Silver Tower, Wave Eleven and outstanding integrated townships like Wave City and Wave Estate, Wave Infratech is revolutionizing the real estate arena for almost a decade now and is being widely recognised for these futuristic and mammoth projects. Besides these impressive ventures, the company's portfolio also includes a host of Wave Malls and Wave Cinemas across the northern belt of the country, making Wave Infratech one of the most reputed names in the industry.

ABOUT WAVE CITY CENTER

Welcome to Wave City Center, a 152-acre marvel rising bang in the center of Noida and linked to the Sector 32 Metro station. In sheer scale, it exceeds anything ever witnessed by the country. And, as the greatest mix use commercial and residential development ever built within a city, its scope is unprecedented. But the most critical factor in the building of Wave City Center is our underlying principle of an entire project shaped and managed by the dreams, hopes and aspirations of future citizens.

Wave City Center is a residential and commercial hub covering 152 well-connected acres in the heart of Noida, Sector 32 and 25A. It is NCR's foremost development and first ever to rise in the center of a city.

Our primary consideration? People. Their dreams and aspirations inspire our radical approach to all matters: architecture and resources; easy walking to work; safer, quieter mass transport systems; jam-free boulevards; cutting-edge medical care just a stone throw away; clean air and green spaces. Wave City Center is developing 40 million sq ft of space in several blocks designated for residential (including fully-furnished, sumptuously appointed, multi-use studio apartments) and mixed use commercial purposes (consisting of Entertainment, Hotels, Offices, Convention Center, Mall & Multiplexes and High Street Condominiums). Come, experience a new way of living at Wave City Center, where life, commerce and investment intermingle and prosper, and where every aspect is firmly rooted in consideration for all.

To Create a project of the size and ambition requires an expert team. We have chosen the very best in the world to realise Wave City Center.

PREMIUM CLUBHOUSE

Each block at Wave Amore & Trucia High Life Serviced Residences has an individual club house ensuring a fine mix of privacy and exclusivity for its residents. The clubs are the best place to recreate, rejuvenate and relax for the residents of Amore & Trucia, a great place to lounge around and enjoy some time out from life with their family or friends.

Being constructed on the podium level, the clubs are free from vehicular traffic. Being exclusive to a block makes each club limited and more resourceful and efficient in usage. Featuring in every club will be luxurious swimming pool, world-class gym and a Toddlers area created right in front of the swimming pool, ensuring your kids are in your personal vigilance throughout. The club also houses an exclusive 12 seater dining area with bar for intimate parties with your loved ones. The dining area extends into a private garden for the larger needs of you party hence making it an extension pad of your apartment. To make the club more happening, you will find a steam / sauna chamber for soothing your nerves and a full equipped business center for the meetings. An open room is also earmarked for your cherished celebrations and occasions and like Birthday and Anniversary celebrations.
